**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am very concerned with your decisions about internet access. I use a smaller company local to my area because I receive MUCH better service in both internet access and customer service. I want to be able to continue to support smaller, local internet providers because it keeps prices competitive and allows more people more choices. We need to keep the smaller companies in business. It keeps local jobs for smaller communities and now with so much of life on line broad band is a crucial part of everyone's life. I am a small business owner and I need internet access.
